PP BOOT COVERS

PRODUCT DATA SHEET

Shield Right

Intended Use

Shield Right PP Boot Covers keep boots and floors clean and hygienic in healthcare, food processing, cleaning, beauty salons, manufacturing, pharmaceuticals, construction, painting and agriculture. Made from polypropylene with anti-skid dots and an elastic opening, they give a snug, flexible fit over work boots and help stop the spread of dirt and contaminants.

Technical Specifications

Type: Disposable boot covers (single use)
Material: Polypropylene (PP)
Size: 40 × 43 cm
Design: Anti-skid dots, elastic opening
Fit: One size, fits over most boots
