EYE WASH & SHOWER 3D SIGNS

PRODUCT DATA SHEET

Shield Right

Intended Use

Shield Right 3D projecting signs stand out from the wall so emergency eye wash stations and safety showers can be seen from either direction along a corridor or aisle. Suits laboratories, workshops, warehouses, plants and healthcare facilities.

Key Features

- Three options: eye wash, shower or both
- Dual-sided projecting design
- Visible from both directions
- Green and white high-visibility design
- Pictogram plus text on each face
- Pairs with all Shield Right units

SR6626 Eye wash · SR6627 Shower · SR6628 Combination
